Carlos Vera :

- What was done since the last scrum meeting?
 - Error found and corrected for AGDA-72
 - Windows-specific: there were multiple project server instances running
 - Cause: server processes are not stopped with ctrl+C as they are on Unix/Mac
 - Solution: Manually kill the "node.exe" processes in Task Manager
 - Read about Express routes and server controllers, understand how they play a role in the project
- What is planned to be done until the next scrum meeting?
 - Got help from team for understanding server/client interaction, next step is to add functionality to middleware
 - Add functionality in homeController for querying the database and returning results
- What are the hurdles?
 - Requires more research

Cristian Cepeda :
