

20181114 - Daily Scrum Meeting Minutes

Attendees: Adrian Rodriguez Carlos Vera Cristian Cepeda Julian Oscar Antonio Padilla

Start time: 6:00 pm

End time: 6:30 pm

Adrian Rodriguez :

- What was done since the last scrum meeting?
 - Cleaned up code on local branch pertaining to item view
- What is planned to be done until the next scrum meeting?
 - Implement item history components to the item view page
- What are the hurdles?
 - Issues with PDF library

Carlos Vera :

- What was done since the last scrum meeting?
 - Review AGDA-88
 - Start changing results page so that it is more flexible
 - Do not have hard-coded columns to display on results
 - Make columns depend on results from SQL query
 - This is required for AGDA-72
- What is planned to be done until the next scrum meeting?
 - Need to make results page accept data from redirections as well as when it's called as a component
 - This is required for AGDA-72
- What are the hurdles?
 - None

Cristian Cepeda :

- What was done since the last scrum meeting?
 - Continue working on home page
 - Create a pdf based on users input for a procurement
- What is planned to be done until the next scrum meeting?
 - Finished with Homepage mockup CSS
 - Added button that redirects to statistics page when user hits the button under statistics section
 - Added PropTypes and fixed ESLint errors
- What are the hurdles?
 - None

Julian :

- What was done since the last scrum meeting?
 - Advanced search filters were finished
 - Help out team if necessary with jsPDF creation from objects of our matter table
- What is planned to be done until the next scrum meeting?
 - If possible, have a new advanced search filter to display users who most recently modified an item
 - Database was updated to contain the values of the last user who edited a matter which will be used for the advanced search
- What are the hurdles?
 - None

Oscar Antonio Padilla :

- What was done since the last scrum meeting?
 - Continued edit/update functions
 - Tested view item with front end, sketched out the ui with more detail
 - Updated mtkey 10 for testing View Item, and mtkey 12 for testing pdf conversion/upload, onto DB
- What is planned to be done until the next scrum meeting?
 - Update History & Matter table and controller functions, so we can keep track of who last edited a matter i.e. record its trail.
 - Look into the PDF conversion problem.

- What are the hurdles?
 - None
