

20181111 - Sprint 5 Retrospective Meeting Minutes

Attendees: Adrian Rodriguez Carlos Vera Cristian Cepeda Julian Oscar Antonio Padilla

Start time: 4PM

End time: 6PM

What went wrong?

- Sprint was another crescendo of productivity for the most part.
- Delayed development work until second half of week.
- Last minute scramble to upload our minutes that we have.
- Only worked one week again this week.
- Trouble committing to meeting in person sometimes.
- Last minute advanced search bugs which delayed development on other user stories.

What went right?

- We got something of decent substance delivered.
- Lots of collaboration in development.
- Hackathon was productive, got work done.
- Team did well on documentation.
- Product owner happy with progress.
- We were productive the last few days with the mini hackathon thing.
- Lots of development and researching story-relevant material.
- Commitment to several user story developments towards the end of sprint which resulted in lots of progress.
- Enjoyed hangouts being utilized more for support.

How to address the issues in the next sprint?

- More feature documents.
- Product owner wants to see a polished product.
- In person meetings could be moved to online.
- We finish more task or stories for this last sprint.
- I think we should attack deliverables together so that it gets done.
- Limit the scope of stories. Don't try to do too many things in one story.
- Make clear AC and stick to that?
