Name: [Cristina Alonso](#)

Team Member(s): [Cristina Alonso](#) [Robert Panoff](#)

Project: Interactive Table

Product Owner(s): [Hadi Alhaffar](#)

Mentor(s):

Instructor: [Masoud Sadjadi](#)

Description

As a User I would like change my drawing pen color **so that** I can use multiple colors in my notes/drawings.

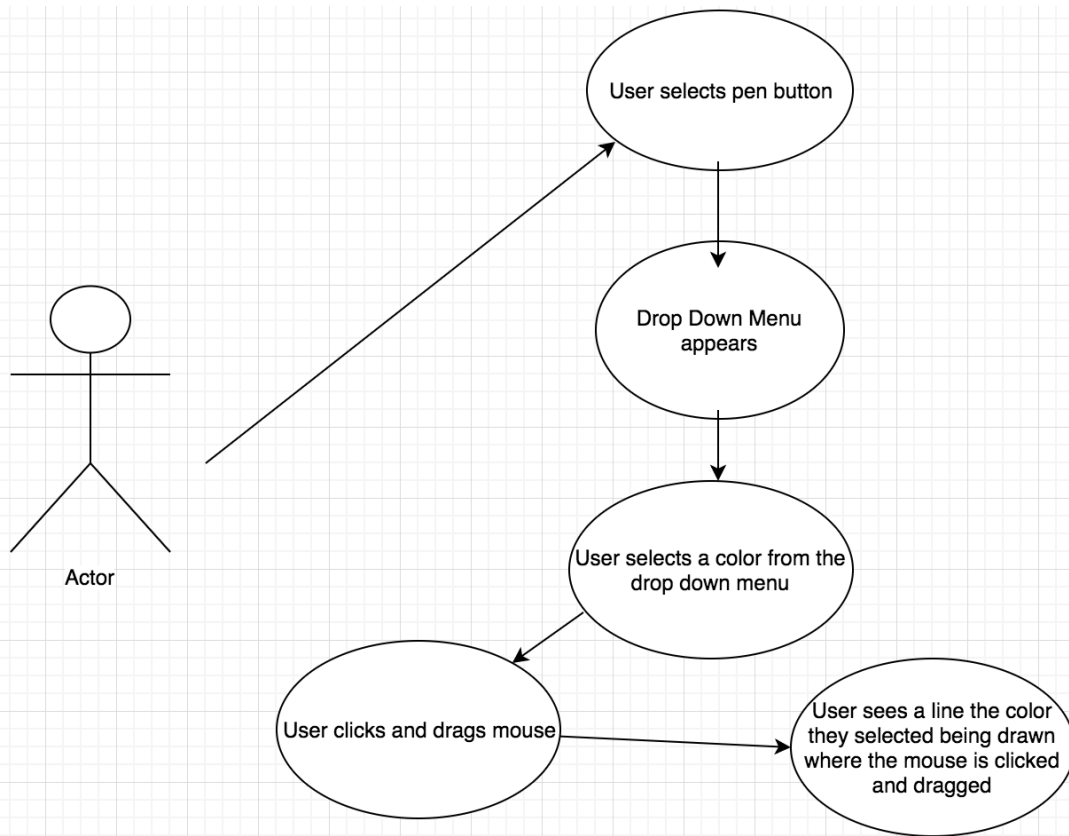

Acceptance Criteria:

- User can select a button which has a color associated with it
- When user selects a color button and draws after, the line color will be that of the button
- All drawings after will be that color until the user selects a different color

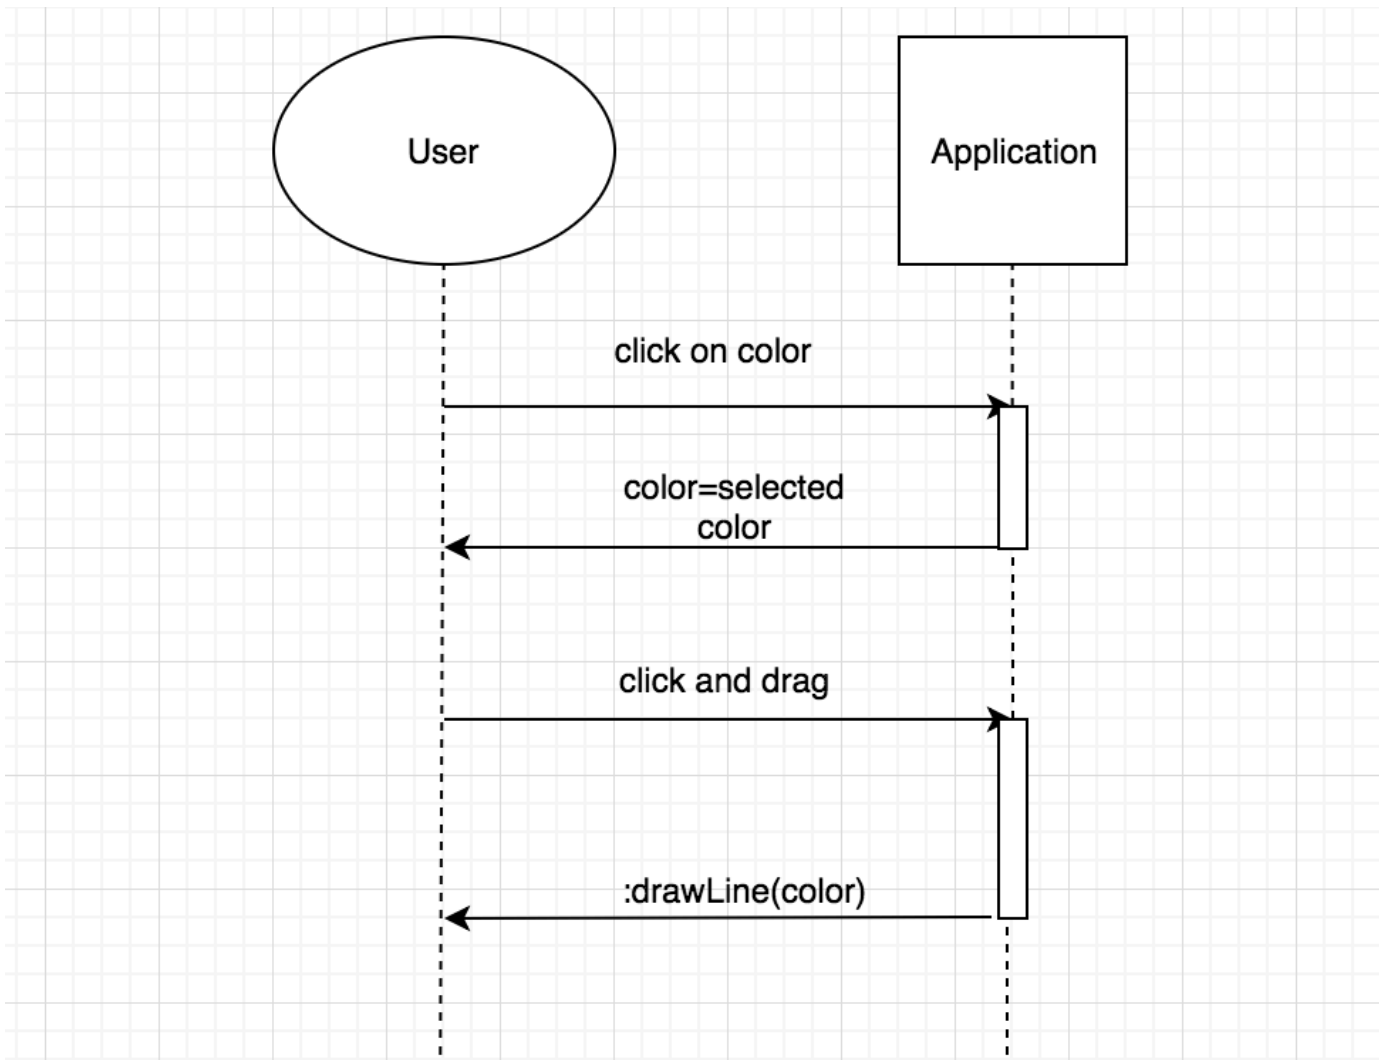

Use Case

- Name: User can change color of personal notes
- Actor: User
- Preconditions: User is on the site on the personal canvas tab
- Description:
 - User selects pen tool button
 - Drop down menu appears that has color selections
 - User selects a color
 - User clicks and drags on the canvas
 - User observes a line in the color they selected being drawn in the area where they are clicking and dragging
