

INTR-30 User can saves notes onto account and load them any time

User Story Name:  **INTR-30** - User can saves notes onto account and load them any time. DONE

Name: [Cristina Alonso](#)

Team Member(s): [Cristina Alonso](#) [Robert Panoff](#)

Project: Interactive Table

Product Owner(s): [Hadi Alhaffar](#)

Mentor(s): [Masoud Sadjadi](#)

Instructor: [Masoud Sadjadi](#)

Description

As a User I would like save my images onto my account to **so that** I can access them later.

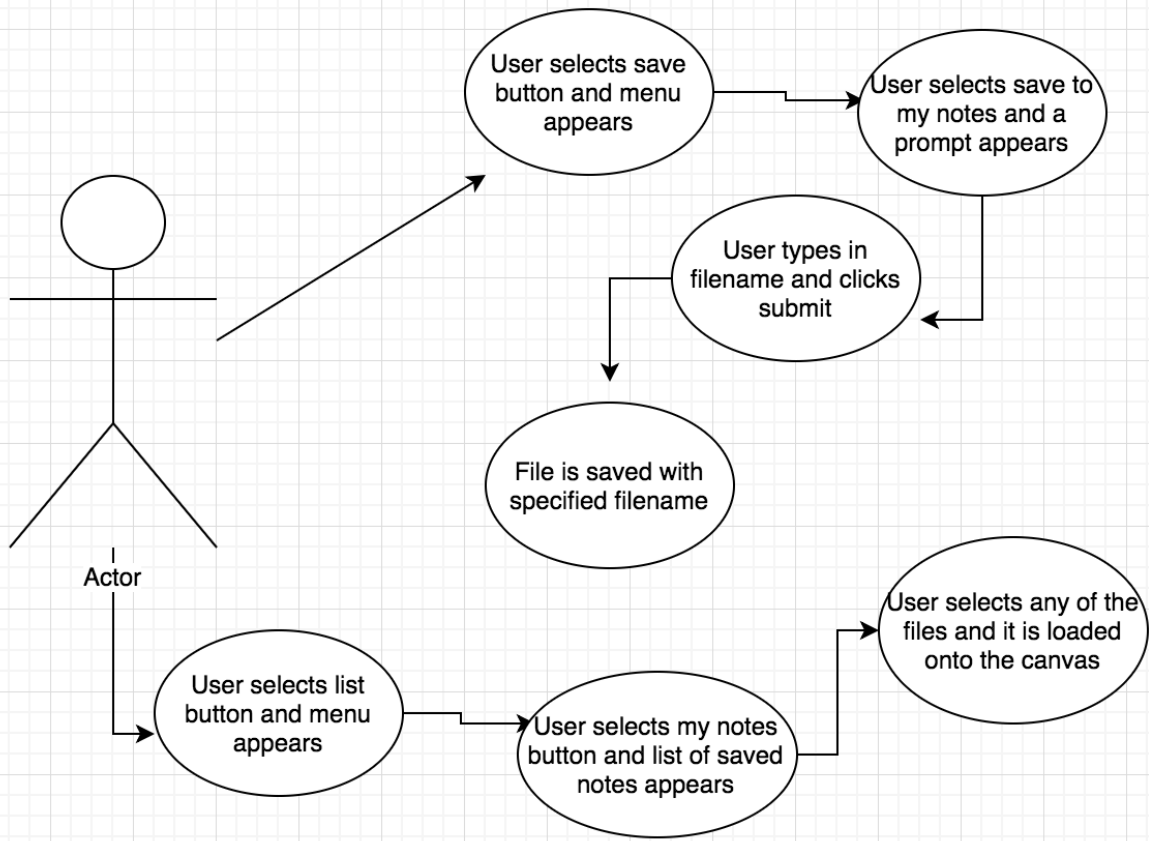

Acceptance Criteria:

- User can save an image of the drawing canvas
- User can give the saved canvas a filename
- Image saves onto their account
- User can click on a file list to view all of their saved files
- When user clicks a file on the list of saved files, that file will load onto the canvas
- Once the user loads up a saved file they will be able to make updates to it and resave

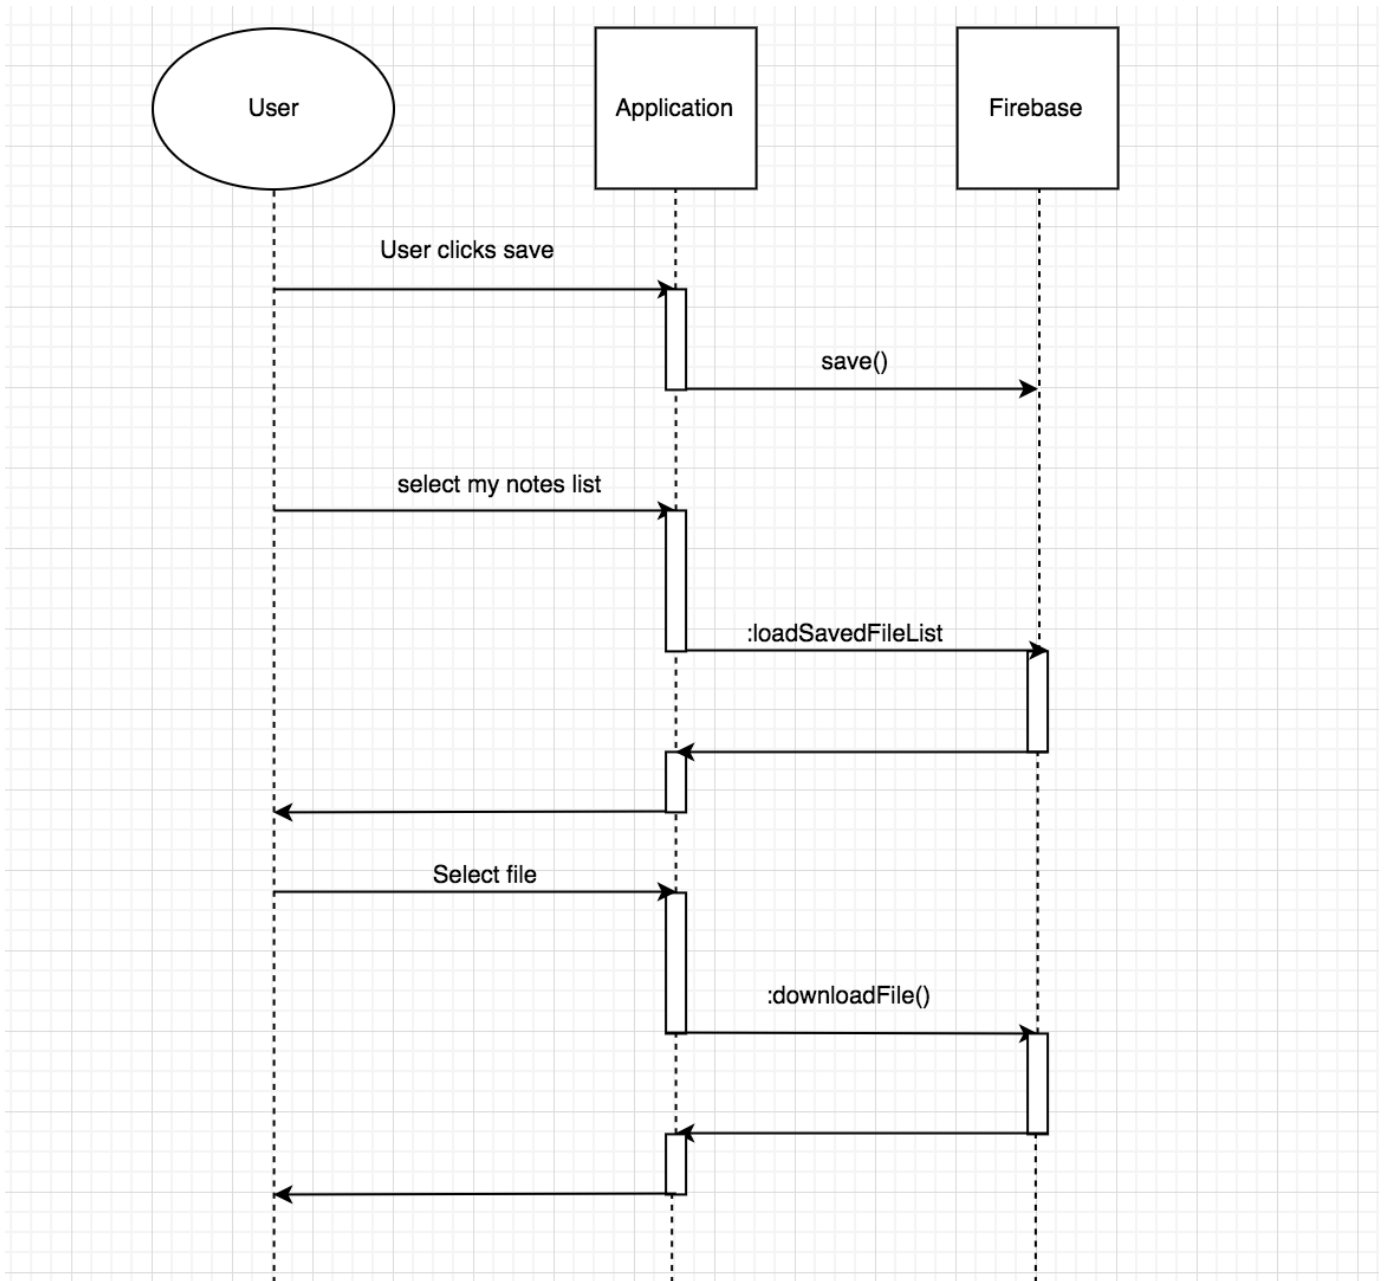

Use Cases

- Name: User can save canvas
- Actor: User
- Preconditions: User is logged in and in personal or shared canvas
- Description:
 - User clicks save button and menu appears
 - User clicks save to my notes and prompt appears
 - User types a filename and clicks submit
 - User's file is saved
- Name: User can load saved canvas
- Actor: User
- Preconditions: User is logged in and has saved files previously
- Description:
