

INTR-58 User can write with different pen widths on the multi user canvas

User Story Name:  **INTR-58** - User can write with different pen widths on the multi user canvas DONE

Name: [Cristina Alonso](#)

Team Member(s): [Cristina Alonso](#) [Robert Panoff](#)

Project: Interactive Table

Product Owner(s): [Hadi Alhaffar](#)

Mentor(s): [Masoud Sadjadi](#)

Instructor: [Masoud Sadjadi](#)

Description

As a User I would like to adjust the pen size **so that** I can write in different thickness levels on the multi user canvas

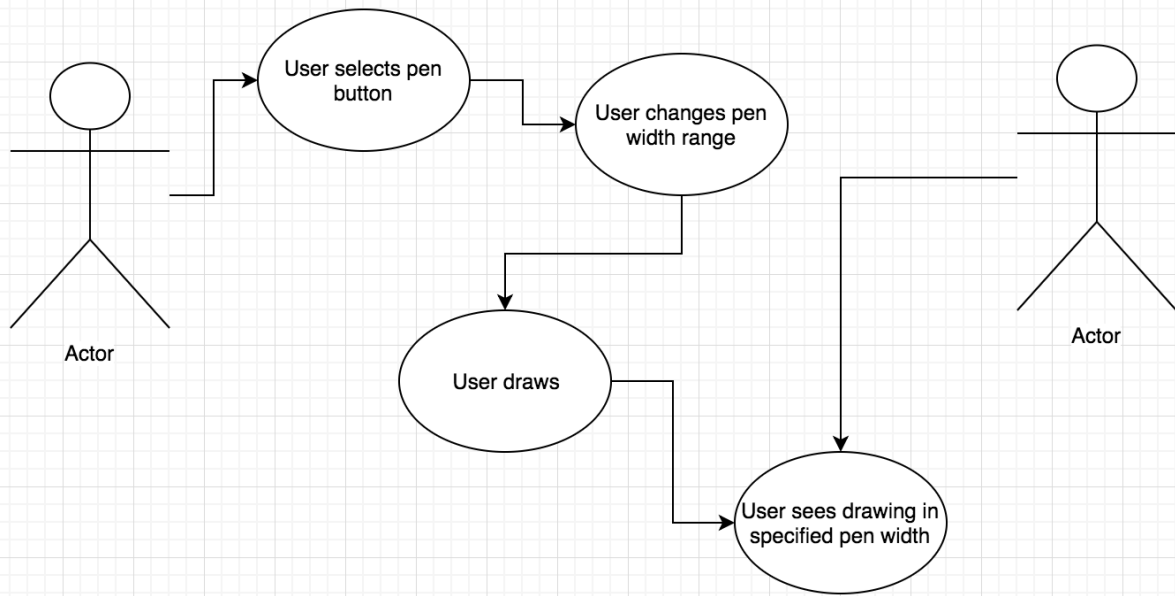

Acceptance Criteria:

- User can choose width
- User's drawn lines will be the size of the chosen width
- All other users on the shared canvas will see drawings in their appropriate line width

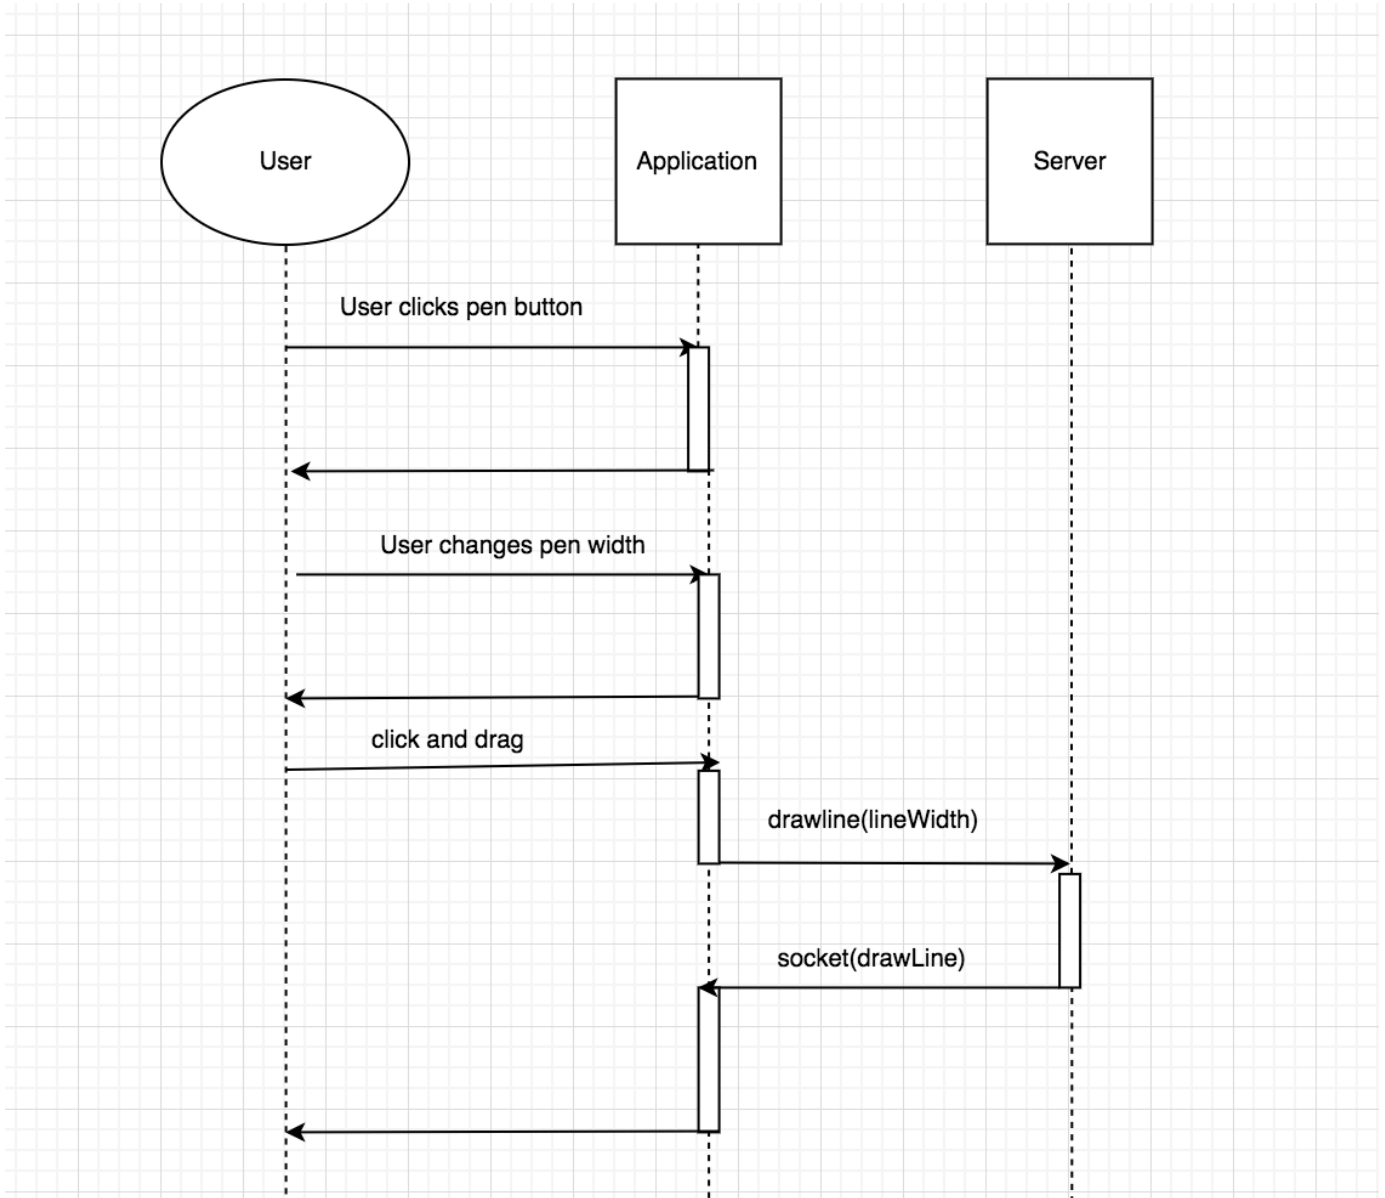

Use Case

- Name: User can adjust their pen width on the shared canvas
- Actor: @Users
- Preconditions: User is on the shared notepad
- Description:
 - User selects pen button
 - Drop down menu appears and user changes the range
 - User draws and all users a corresponding change in pen width
