

Stand Up 10/12/2018

20181012 - Daily Scrum Meeting Minutes

Attendees: Nicolas Gonzalez, Emmanuel Perez

Start time: 7:30 pm

End time: 800 pm

@Nicolas Gonzalez:

- What was done since the last scrum meeting?
 - Sprint Review. After Talking with Miguel my solution works but we noticed that Carla has a better way to handle these windows specific errors
`#include <compiler/disable-ue4-macros.h>`

`#if defined(_MSC_VER)`
`#pragma warning(push)`
`#pragma warning(disable: 4668 4191)`
`#endif`
- What is planned to be done until the next scrum meeting?
 - Need to use Carla's method for handling the preprocessor macro errors.
- What are the hurdles?
 - I think with this we solved our biggest hurdle and should be able to continue

@Emmanuel Perez:

- What was done since the last scrum meeting?
 - Sprint Review
- What is planned to be done until the next scrum meeting?
 - Learn how to fix the rpc lib and its macros similar to how CARLA did it
- What are the hurdles?
 - Making time to fix the bugs
