Subject: Miami Dolphins First Responders Day Link!

Chief Ceballos,

I look forward to having a great turnout from the Pinecrest Police Department at our annual "First Responders Day". As of now, we have over 50 different departments from around the state, who will be in attendance.

Please see the link below, which is what you can share with all of the officers, so they can come out to this great event with their families, and be celebrated on this special day. We are still working on creating the partnership with POAT, so if you could start sharing the link, that would be awesome.

If you could either CC me on the email you send out to everyone, or list my contact information, that would be great, so if anyone has issues, they can reach me directly.

Best,
